Lakefront Real Estate

RE/MAX
Town & Valley II

Spotless energy efficient lake front with level property, sunset views, Tesla solar panels, two Tesla powerwalls and more!

Jefferson Twp., NJ 07849

MLS: 4046085

Price: \$1,100,000

Style: Custom Home

Bedrooms: 3

Bathrooms: 2.1

Garage: 1 Attached

Have you been looking for a spotless lake front home with level property and sunset views? You'll find all of this and much more at this energy efficient home. The home has been updated with an ultra-efficient 7 Zone Mitsubishi heat pump system that can cool and heat the house in any temperature from -13° to 115 °F. In 2025 the Tesla Solar Panels produced 78% of the power for the home and the Tesla powerwalls use their internal batteries to automatically back up the entire home during a power outage. In addition this spacious home with three bedrooms and three bathrooms is also great for entertaining. The living room, dining room, family room, kitchen and master bedroom have beautiful views of the water and the home office and den provide even more space for remote work and guests. Another huge benefit is the level property. Sliders in the family room open to the covered patio and there are only two steps to the level yard. Just a few steps away are newer docks that provide space for three boats and a Jet Ski. No huffing and puffing here! You can park four cars in the driveway, one in the garage and the quiet cul-de-sac setting is one of a kind. There are more outstanding features in this great lake front home less than one hour from NYC. Contact Chris Edwards to schedule an appointment to see all of them.

Lake front with level property

This welcoming, energy efficient lake front features level property and gorgeous sunset views!

Shade and sun

The patio below the master bedroom deck is perfect when you're ready for a nice shady place to relax.

Wow!

Look at the view you'll have from the master bedroom.

Master bedroom

Sliders open to the deck and the magnificent view.

Home office

The owners use the home office as a bunk room for lots of overnight guests.

Guest bedroom

This is one of three bedrooms in this spacious home.

First floor guest bedroom

You'll have room for everyone in this well maintained home.

Den

This is a cozy place for reading or studying.

Den

If your guests are tired after studying they'll have a place to rest.

Second floor bathroom

This bathroom has two vanity sinks and granite counters.

First floor bathroom

Everything is spotless in this well maintained home.

Living room

The views from inside are great and one of two pellet stoves combine with the Tesla solar panel system to provide heat even if the power is off.

Inviting floor plan

The living room, dining room, kitchen layout is great for entertaining.

View from the kitchen

The kitchen has views of the water too.

Dining room

The open concept is great when you're having fun at the lake.

Breakfast bar

The kitchen is thoughtfully positioned between the dining room and the family room.

Everything is close by

Even the covered patio is right outside the door.

Family room

The raised hearth fireplace with a pellet stove and the Tesla solar panel system is another source of back up heating.

More views

Sliders from the family room open to the covered patio.

Relaxing in the shade

If you like sun or shade you'll enjoy both here.

Easy access to the lake

There are only two steps from the patio to the lakeside yard.

No huffing and puffing!

Your dock and boats are just a few easy steps away.

Lots of dock space

These newer docks fit three boats and a Jet Ski.

Laundry room

The full size washer and dryer make household chores easy.

Garage

Who doesn't love a large attached garage.

Tesla power system

The Tesla solar panels and Tesla Powerwall combine to provide low utility bills.

Let's have fun

The current owners have wonderful memories living at this great home on the lake. You will too!
